

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Calculator

As a user

I want to be able to use the "+" button on the calculator

So that I can add numbers together

Scenario: Adding two numbers

Given I have a calculator

When I press the "+" button

And I enter the number "5"

And I press the "=" button

Then the calculator should display the result "5"

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Calculator

As a user

I want to be able to use the "-" button on the calculator

So that I can subtract numbers

Scenario: Subtracting two numbers

Given I have a calculator

When I press the "-" button

And I enter the number "8"

And I press the "=" button

Then the calculator should display the result "-8"
